6502	TOSHIBA CORPORATION	Special	2022-03-24	1		Restructuring	Company	FOR	Spin-offs of businesses with different characteristics, such as business risks and cycles, help to enhance corporate value by improving management efficiency and reducing or eliminating information asymmetries. Furthermore, maintaining public listings ensures that current shareholders still have the opportunity to benefit from medium- to long-term corporate value enhancements. We therefore vote in favor of this shareholder proposal.	
6502	TOSHIBA CORPORATION	Special	2022-03-24	3		Restructuring	Investor	AGAINST	If the company is taken private, competitive bidding will be insufficient due to restrictions in consideration of economic security and foreign exchange law, and the purchase price is expected to be less than the mid- to long-term corporate value that would be realized if the company were to be split up and kept listed. We therefore oppose this shareholder proposal.
